

907-1000  
A cynical world

Dog eat dog  
An eye for an eye  
How many think  
Others deserve to die  
Get ahead  
Leave them behind  
My house is biggest  
Fuck being kind  
Tent city  
Such a shame  
No one cares  
Who's to blame  
Wars and famine  
O'er The planet strewn  
For so many  
It's high noon

What a cynical world sometimes  
A cynical world  
What a cynical world sometimes  
A cynical world
