A piece of canvas

A piece of canvas  
In two dimensions sits  
On an unseen wall  
Where scenes of a rain speckled fall  
Mesmerizes  
And i am always surprised when  
That canvas  
Explodes in three dimensions  
Then four  
A door  
To another time  
Another place  
Transported through space  
By that piece of canvas  
On the wall
