A safe place to land

I'm always searching for
A safe place to land
Somewhere warm to stand
A place where no one demands
Anything of me
Other than a piece of my heart
Which I am ever willing to share
Just show me that you care
That I find
A safe place to land

I'm always searching for
Someone who's on my team
We don't have to share the same dream
We don't need to laugh at the same meme
But when my grief is strong
When it's hard to carry on
They will show me that they care
A shoulder and soft touch to share
That i find
Is a safe place to land

I'm pining for
That safe place to land
At the end of the day
When my time has come
When i cannot run
I hope i find
A safe place to finally unwind
