Again, waiting

Here i am
Again, waiting
But for what
Time fading
Terminal
Truth stating
Here i am
Again waiting

Here i am
Again wondering
Passively
Perhaps blundering
To live at speed
I should be thundering
Here i am
Again wondering

Here i am
dead tired
Emotionless
Still mired
I guess it's just
How i'm wired
Here i am
dead tired

Again i am waiting for something that can't arrive
Praying for another moment to survive
And yet is this really how we stay alive
Again, waiting
