All that man ever wanted

All that man ever wanted was

To be seen

To be heard

Even if just one word

Or three

To be loved

To be known

Ne'er to be shown

The way

His way was his way

And all that man ever wanted

Was to be held

To be touched

His heart

Opened wide

So you could see inside

And inside out

A shine so bright

With sampson's might

And all that man ever wanted

All he ever wanted

Was to be

To be

Forever

And never
