

750-1000
And just like that

And just like that
Over, done
Just like that
I can see the sun
Just like that
I'm on a train
Done and gone
No one to blame
Not one regret
No hateful scorn
Simply time
To be reborn
No need to leave
With angry heart
It's just that we
Have grown apart
And just like that
Decisions made
A looming fear
Will someday fade
And i'll find somewhere
To lay my hat
Goodbye my love
Goodbye my school
Goodbye to all
it's just like that
