And Mary's Wisdom

And mary's wisdom
And mary's words
And thoughts of kindness
Move us toward
that moment in time
That mystical space
When we all feel perfect
Right here in this place
And mary's wisdom
And mary's love
Touched by an angel
A nod from above
If we are open
A Beautiful seer
All the people
could live without fear

Think, really think
What it means to be kind
To get, to give
It's not hard to find
The power and beauty
The effect it imparts
Our actions speak loudest
When it comes to our hearts

It's nice to be important
more important to be nice
change someone's day
It's such easy advice
The generous are holy
And compassion anoint
without life's kindness
What is the point

And so I ask you
Is there a virtue so great
As lending a hand
Attempting to create
Through a caring smile
It's just a habit of mind
Just do something for someone
Make the choice to be kind
