

736-1000
And the fire

And the fire
The one i had when i was young
The one that kept me on the run
Still burns

And the fire
The one that leaves me feeling stuck
Sometimes it seems hard to give a fuck
Still burns

And the fire
The one you never see
And you cannot see me
Still burns

I promise
I promise
I'd still dance
The fire
Still burns
