And what about me

And what about me
Don't i count
Don't you think
That i amount
Amount to more
Than just a wave
A passerby
It's love i crave
And what about me
Don't you care
Look at me
But please don't stare
Hold my hand
Keep me warm
Give me comfort
In the storm
But do not think
I can't survive
Without your love
I may still thrive
A heart taken
But also free
Please consider
What about me
