

60-1000  
anyone else

anyone else  
but please not her  
when she opines  
i must defer  
when she instructs  
my brain goes blank  
when she is gone  
the gods i thank

anyone else  
but not that guy  
when he starts in  
i start to cry  
self-righteous man  
thinks always right  
on my psyche  
a deathly blight

well i know it's true  
that you're just being you  
and i get the jist  
makes no sense to resist  
but i find you a bore  
that's the best i can say  
if i had my choice  
i'd move far far away

anyone else  
i hope and pray  
my deep disdain  
i will convey  
your very being  
could drive me mad  
perhaps it's true  
perhaps it's sad

that i obsess  
dislike you so  
were i adult  
i'd let it go  
but to me you are  
the very worst  
my darling wife  
i must be cursed
