Are you hungry

Are you hungry  
Hungry for what they asked  
Hungry for a time when we  
Can walk together by the sea  
And all of us can live for free  
Hungry for that  
They said no

Are you hungry  
Hungry for for what they asked  
Hungry for a day when time  
Is perfectly captured by this rhyme  
And every moment is life sublime  
Hungry for that  
They said no

Are you hungry  
Hungry for what they asked  
Hungry for a sunny day  
When with one look you can convey  
The love that fills, the heart obey  
Hungry for that  
They said no

Than what? What?!  
They didn't know  
They don't know  
And on and on and on we go
