

628-1000  
Around the world

Around the world in eighty days  
Or eighty years  
Can i put aside my fears  
Amend my old and sheltered ways  
And travel round the world for eighty days  
A thousand days  
A lifetime of adventures see  
My freedom from the chains decree  
Not care who others think of me  
And travel round the world  
Round the world

Around the world and back again  
And me my only loving friend  
On the road without a care  
Short of work and long of hair  
Not worried when the locals stare  
For i myself do now amaze  
And in my heart my truth it stays  
And off i go  
Around the world in 80 days  
Or forever  
A lifetime that i can treasure  
Not measure  
Against the city's rabid pace  
Where no one sees another's face  
And all around some joy we chase  
But not me  
Not me  
For i am going  
Around the world

Around the world  
My flag unfurled  
Around the world
