

547-1000  
Back in the car

I'm about to get  
Back in the car  
Close the doors  
Safe and sound  
Drive around  
And around  
Drive from here to the end  
Never know what's around the bend  
But safe in my nest  
I feel my best  
Pointing west  
Across the plains  
And today i get  
Back in my car  
Introverts heaven  
This metal shell  
I'd drive into  
The depths of hell  
I'd wave to satan  
From my truck  
And if in the mud  
I get stuck  
No matter  
No fuss  
I'll just rent  
A minibus  
And drive until  
The end of time  
Drive until  
The end of rhyme  
Any reason  
Any season  
To get  
Back in my car
