

BAD IDEA

The last time I had a bad idea (A)
Twas regret before the start (E7)
compelled to move before I feel
there goes the horse, there goes the cart (E, D)

When was the last time I figured out
I repeat the same mistakes
half century on, and still in doubt
cloistered heart that never breaks

bad ideas (F#m)
not bad at all (A)
always moving (Bm)
silent call (F#m)
bad ideas (F#m)
I survive (A)
the good ideas (Bm)
I must contrive (E)

the last time I had a bad idea
the kind that finds a voice
looking from the outside in
did I really have a choice

When was the last time
I admitted I was done
Rocks don't get any lighter
Heart that weighs a ton

Bad ideas
not bad intent
neither hell
nor heaven sent
bad ideas
not bad at all
