

53-1000
come straight home

all i ask is you not fall in love
with the other men you see
skirting truth, behaving
apologetically
i know i cannot provide the comfort
that you rightfully desire
but do not our wedding vows
at least that loyalty require

i'm happy we are facing
our vacant chemistry
by not conflating love and lust
that freedom we decree
to writhe in passion with a man
feel his burning flesh
beads of sweat and passion
and yet to not enmesh

so come straight home my darling
after meeting with your lover
you'll find me on the couch again
i've yet to court another
i hope that you will find respite
please don't misconstrue
the pleasure of that human touch
with the bond between we two

open heart
love depart
enter lust
never trust
yes we tried
lore defied
you depart
broken heart
