The cone of silence

The cone of silence
What a joke
Share your secrets
Have a smoke
Gossip gossip
All will know
The cone of silence
It's all for show

Raise your hands
Above your head
This is the sign
That what you've said
Will stay right here
Shared with none
Better get ready
To up and run

For the cone of silence
Does not exist
It's all a ruse
Do you get the jist
It's not that people
Simply lie
It's just that no matter
How hard they try

The cone, the code
They cannot fulfill
Even though
They said they will
For in the end
They'll tell the tale
And soon we'll all
Be needing bail
