

410-1000
Drums space

Drums space dew
I saw a few
Even stella blue
Even stella blue

Drums space other one
Damn that was a lot of fun
What i'd give to still be young
Still be young

Drums space comes a time
Another tune just so sublime
And you let let your lovelight shine
Let it shine

Drums space
I close my eyes and i'm right back in that place
Thunderous
Mystical
Cryptical
I had my fill
Thank you phil
And now goodbye
