She's in Ecuador

She's in Ecuador  
Riding the white water like a cowboy on a steed  
Paddling up river til her fingers start to bleed  
Adventure is her covenant, freedom is her creed  
Down in ecuador

She's in ecuador  
Breathing in a life that so many only dream  
Watch the river roil and Listen to her scream  
The shimmer of the canopy on silent water gleam  
Down in ecuador

And she's in ecuador  
10,000 feet above the world, a heavenly ascent  
When geils said that love comes once, this is what he meant  
Lost on waters crazy deep is where she went  
Down in ecuador

Down in ecuador  
Alone but not apart  
Down in ecuador  
Following her heart  
Down in ecuador  
She'll make a new start  
Start anew  
Like so few do
