Fade

Some say
It's bad to fade away
To drift from vivid to pastel
But i can tell you
A different tale
Sing a different tune
As i fade
Quiet and with breath deep
I feel joy
While edges soften
And ambition gets lost
In the haze
Of lazy days
I fade
I fade
And its ok
Indeed
It is most lovely
To see the sun from a different angle
To feel the breeze on an upturned cheek
And to sneak one more deep breath
I fade
And my love grows
Ever stronger
