First time

First time
I know what you're thinking
No no no
I mean
First time feeling pain
Instead of just disdain
First time knowing that
I am wrong
And here i am
Writing yet
Another song
But everyday
Could be
Another
First time
First time
For empathy
frightened out of me
When i was three
First time
Saying no
Instead of yo yo yo
There's a first time
For everything
But no no no
It's not about that
