

526-1000  
For her absolutely

Would you do that for her, just for her  
Absolutely, there no doubt  
Would you do that for her, only for her  
Absolutely, and let me shout

I'd sail around the world and then  
I'd sail around the world again  
and oh so scared of the blue sea  
I'd circumnavigate to be  
With her, for her  
Absolutely

I'd jump into the ring and fight  
Quixotic and with all my might  
I'd play the role of great defender  
A thousand roses i would send her  
With her, for her  
Absolutely

By why you ask  
Why this task  
For love's confession  
Or just obsession  
And is there difference  
'Tween the two  
To live to die  
Just for you  
I have no answer  
The truth beguile  
But when i'm with her  
For a while  
I know completely  
Resolutely  
That for her anything  
Absolutely
