Goodbye

Goodbye
I don't often stay in touch
It seems like too much
To ask of you
To much of a task for you, for me
And me, hiding behind the desire
To be free from you
Because
I bleed for you
And i know this time
That it's time to go
For when you are everything
My soul my heart
I play my part
But in the end it's
Goodbye

And this goodbye
Is the hardest yet
Where would i be
Had we not met
And as i watch
This sun set
I say goodbye
goodbye
