Hands over my eyes

I put my hands over my eyes
When i cry
So no one can see the red

I put my hands over my mouth
When i cry
So no one can see the hurt

I put my hands over my face
When i cry
So i can hide from you
I need to hide from you

I want to collapse in your arms
And weep
I can't sleep
I can't eat

But i won't
I'll just
Put my hands over my eyes
And cry
And cry
