Here's a pretty good one

Here's a pretty good one
Don't let it be said
That i'm leaving this coil
Without turning a head
And perhaps this won't help me
Find the right man to wed
For the other night
I peed in his bed

The dream i was dreaming
Were reler than real
Dreams i could taste
Dreams i could feel
And all of a sudden
I awoke with a squeal
A torrent of urine
And here is the deal

He didn't kick me out
Or utter a word
He simply got up
And to me he deferred
I suppose deep deep down
And this is pretty absurd
He was happy at least
That it wasn't a turd

So anyway friends
Maybe this is why i'm single
I go on some dates
At bars i still mingle
And while this fellow has the heart
Of good ole chris kringle
I bet he was vexed
By that warm liquid tingle

I peed in his bed
I peed and i peed
An honest moment
And honest deed
I peed and the truth is
I'd do it again
To hell with deportment
To hell with you men!
