Highwayman

I'm a highwayman
Listening to american garage
Love and family a mirage
I'm a highwayman
Looking for a place to sleep
Trying not to seem a creep
I'm a highwayman
Playing my guitar
That won't get me all that far
Coffee and a shave
My life i ever try to save
Save me
For i'm a highwayman
Alone is where i feel at peace
In my car i can unwind
That is where i find
Everything i seem to need
All that my soul has to feed
The road
The road
The highwayman
