How i

How i got here  
I don't know  
How i survive  
Months of snow  
And icy cold  
So hard to breathe  
Can i get  
A day's reprieve

How i knew that  
You were gone  
I knew you were leaving  
All along  
No blame to cast  
No one's wrong  
More good fodder  
For a song

How i'll make it  
Day to day  
Hour to hour  
Not fade away  
Eat my share  
Drink good joe  
Hopefully at least  
Something to show

How i got here  
Im not sure  
No one's life  
Is all that pure  
So i'll muddle  
Through the day  
Like i said  
Not fade away
