

440-1000  
How long does it take

How long does it take  
When the dream just won't come  
When my mind is on the run  
Man sometimes this ain't no fun

How long does it take  
For the meds to finally kick in  
Do i have to wash 'em down with gin  
Man sometimes i just can't win

How long does it take  
For the pain to go away  
A lifetime of hurt in everyday  
For Just one reprieve i still pray

How long does it take  
For the well to finally run dry  
To only fail no matter how i try  
To wonder when i'm going to die

How long  
How long
