

829-1000
How ya been

How ya been
All these years
Hey
No more tears
Between us
But that wasn't all
Before that fall
We danced
We sang
We howled
At the moon
And stars
And then
Done
The sun
Looked different
After that
And
I just want you to know
You were the one
But
Thirty years on
I just need to ask
How ya been
