I am

What does it mean to say I am  
Does it put me in a chest  
Dropped down to the seabed below  
There to lie in state and rest  
Ne'er to change but fixed and firm  
Not allowed to do my best  
Consigned to stasis and to rock  
Never faced with struggles test

What does it mean to say i am  
Does this mean also i am not  
Defined by some and labeled thus  
Is this i am's awful lot  
Some say definitions good  
To be without we shouldn't be caught  
But i prefer a life unclear  
Existence neither sold nor bought

What does it mean to say i am  
That certitude is for the weak  
I prefer ambivalence  
I am seems so very bleak  
Unless that i am is wide open  
Not a blanket from under peak  
For it is openness i crave  
I am human, it's love i seek
