I could do that now

I could do that now
I've said that a hundred times before
I could do that now
Then watch me walk right out the door
I think that i'm ready
But think is not the proper verb
It's just a fleeting feeling
Impulses i cannot curb

I could do that now
But looking back i see i can't
I may try to fight
Against my nature i will rant
I sense that now's the time
But my intuition is a sham
I suppose the sayings true
In the end i am who i am

I could do that now
Let's get married, forever be
I will make my pledge
To honor and to loyalty
And not a decade later
We're both going separate ways
I could do that now
But ask me not in a few days

Intention and reality
The two are not the same for me
I guess i'm destined to be free
From all i want i always flee
