I do I swear

You ask things like
Do you care about me
Do you want me to have a happy life
Do you think about me
Do you want me to be your wife
And i say
I do i swear
But to be fair
I only swear
Because it keeps you from looking sad
Or maybe treating me kinda bad
Or stomping around 'cause your very mad
I do i swear
Because i care
More about me than about you
Now that is true
