I know not which

I remain a man who's full of doubt  
How will i survive  
Let alone find a way to thrive  
To stay alive  
If i cannot stomach the pain  
Of so much self-loathing and disdain  
For how i dance  
And how i sing  
I don't want  
A wedding ring  
I don't like it  
Here anymore  
There's no sun  
Outside my door  
And every moment  
That passes slow  
I know not which  
Way to go  
So i sit and wait  
And wait  
And wait  
And still while i know  
I don't know  
Ah sweet confusion  
I know not which
