I need to know

Do you love me
I need to know
I guess it's just
A feeling though

Do you like me
I need to know
I guess it's just
A feeling though

A feeling that if i'm left to guess
I wonder if you think me less
So please provide an answer now
I need to know, i don't care how

But if it's just a feeling
Despite the fact i'm reeling
No answer is revealing

So, silence is fine
