I stopped looking

I stopped looking when she stopped looking back
No reason to catch her eye if she looks the other way
This invisibility is is difficult to hack
Didn't you flirt with me just the other day?

I stopped looking when my eyesight started fading
No reason to wink when she glares with disdain
I still think i'm hot, and her eye roll is deflating
My libido remains torqued, but my will quickly wanes

Would it hurt you recognized my need
It's not like we have to go out on a date
If you simply looked at me like i was still a steed
I'd be happy enough, the story i'd create

Living in a college town is actually the worst
I might as well be a cadaver
Put me in a coffin and drive me round town in a hearse
It pains me to know i'll never have her

I stopped looking
I'm done trying
No more passion
Long nights crying
Dreams of youth
Pinball in my head
ok...Truth is I'll stop looking
When i'm dead
