I take that back

Remember what i said about you in the letter  
That you should have known and treated me better  
Remember how i said you were to blame  
That the end of our marriage was not such a shame

I take that back  
I take that back  
Oooo  
I take that back

Remember all that stuff i yelled into your ear  
About the end of a nation, they would should all live in fear  
Remember how i ranted and i raged about the fed  
That if they kept printing money we'd all end up dead

Remember how i thought i could do no wrong  
That i could drink and still be able to sing you a song  
Remember how i spent all my money on that booze  
But it was you i argued who in the end would lose
