I want to cry

It's ok
I just want to cry
Don't look away
I know you want me to try
To put on a happy face
To go to that easy place
For you
But to be true
I'm not in that space
And i don't want to make my case
For tears
I just want to cry
And i want you
To be ok
And to say
Cry
Cry until you can cry no more
I'm not walking out the door
I'm right here
I'll hold you dear
So cry
