I wanted to let you know

There's a candle on the window sill  
Flame flickers shining on  
I'm not sure i agree when they say  
It's darkest before the dawn  
I ventured to her grave today  
Though i left nothing there to show  
Just My heart forever changed by her  
I just wanted to let you know

There's something in the suddenness  
Of this child's time now done  
That makes the day feel different  
I cannot feel the sun  
And yet despite the sorrow  
Toward the lightness i will go  
I love my fellows deeper now  
I just wanted you to know

The emptiness is wrenching  
I'm dizzy from the pain  
I wonder if there'll come a time  
When i will feel the same  
When finally the sun will shine  
And on my heart bestow  
A sense that joy still finds my soul  
I'll want everyone to know
