

898-1000  
I will never

I will never  
Write a song about a train  
It's not that feel any disdain  
It would just be a silly song  
For an urban guy  
It's all wrong, all wrong  
For me to write that song  
And i will never  
Swim deep in the ocean blue  
My fear of sharks is palpable  
Sad but true  
Sad but true  
I will never  
Republican vote  
And trust me here  
It's not that i don't hold some of them quite dear  
But they don't seem to understand i fear  
That we are in this together  
And i will never  
Write another song  
After my #1000 is done and gone  
I've penned my share  
Though  
On a dare  
On a dare  
I might go another round
