

884-1000  
I will stay right here

See me  
Arms open  
Heart surrendered  
Hear me  
Whispering  
Beauty rendered  
Believe me  
When i tell you  
Do not fear  
For  
I will stay right here  
By your side  
When lightning strikes  
When fires burn  
Around your home  
When i go  
When i roam  
I remain ever near  
You heart and mine  
I stay right here  
A call away  
And i will come to you  
These words are ever true  
So darling  
Please do not shed a tear  
For you my love  
I will stay right here
