If

If

If what

If you love me

Just keep your mouth shut

Open wide

Your heart instead

Marry never

Never wed

But find another

Who can love you true

Whose one desire

Is to be with you

And if you can

Just disappear

I will not speak

I cannot hear

If

If what

If time stood still

I'd never of you

Have my fill

So dawdle not

Not tarry too

If not me

Than someone new
