

## I'll Be Your Boyfriend, Paris Hilton

I'll be your boyfriend, Paris Hilton (E, A)  
Did you know, I'm funny and I'm smart (E, B)  
Please ignore my bouncing belly  
Believe me when I tell you that I can play the part

I can take you to the Emmy's (B)  
I'll even wear a tux (A, E)  
You can pick it out for me  
And lend me a few bucks  
At the after party  
I'll make you so proud  
When you tell all your girlfriends  
That your fella's well-endowed

I'll drive when you get tipsy  
You can have it all  
A shot of good tequila  
And a bottle of Crystal  
And if you need to vomit  
I will hold your head  
And after you're done wretching  
We'll make love back in your bed

Don't mind that I'm a Jew  
There are lots of us out here  
You'll be the talk of all the synagogues  
It's good for your career  
The Yentas will take to you  
Sp please don't be aloof  
You may even land a leading role  
In Fiddler on the Roof

I have but one desire  
That is to be your man  
Cherished as a lover  
And Admired as a fan  
But should you find it in your heart  
Please do what you can  
To coordinate a 3 some  
With your friend, Lindsey Lohan
