I'll help you out

I'll help you out  
I'll hold your hand  
When you feel weak  
As one we'll stand  
And we'll find love  
In this strange land  
Such a strange land

A land where hate  
is all the rage  
Despite the time  
contempt for age  
So few willing  
To turn the page  
I'll turn the page

And in the end  
I'll help you out  
You'll find me true  
I have no doubt  
For love my friend's  
What this is about  
It's all about

love
