

927-1000  
I'm glad i went

Im glad i went  
To the show  
The boys didnt play  
Cold rain and snow  
But the songs they sang  
Sounded like home  
Reminded me of the days  
When i would roam  
From city to city  
State to state  
Abundancy  
Full and great  
And i am grateful  
For those days  
It matters not  
The smoky haze  
In which the music  
Steered my soul  
It's always been  
Rock and roll for me  
It's always been  
Rock and roll  
And i'm glad i went  
I sure am  
Glad i went
