

645-1000  
I'm going out

I'm going out  
Out on the down  
A little tequila  
There are sorrows to drown  
A walk by the river  
Under the moon  
All broken hearted  
It's A johnny cash tune

I'm going out  
Out for a drive  
If i had some money  
I might survive  
But all empty pockets  
Means nowhere to sleep  
I'm going out  
And i'm going deep

I'm going out  
I'll be back at dawn  
You may find me passed out  
On the front lawn  
Don't mind my sorrow  
Don't ever doubt  
Deep down i am happy  
And i'm going out
