Image of a kiss

An image of a kiss  
Quiet and still  
Does not bother  
Me at all  
If anything  
It leaves me feeling  
Empty and alone  
There is no moan  
No urgency  
Just take a good look  
At me  
I want to disappear  
Into your eyes  
I want to be the man  
Who when he dies  
Feels only bliss  
And that is what i see  
In the image of a kiss  
Lips parted slight  
All open heart  
As if these twain  
Are ne'er apart  
It's love you see  
That is what i miss  
And i feel it so  
In the image of a kiss
