

903-1000  
In our galaxy

In our galaxy  
Are we the only beings  
Are we the sole representatives  
Of the milky way  
And if so  
Let me say  
Sorry  
Oh so sorry  
For look at us  
Quite a lot  
A civilization  
Built on suffering  
Forged in hate  
I can't wait  
To see  
If indeed there be  
Others  
In our galaxy  
I hope they set the record straight  
And show us  
A better way  
Maybe  
Someday  
Look up  
someday
