I went to the casino and the horses i did play
I stood in front of hundreds and demanded they obey
Is that what we're here for

I fired all the workers and mocked them as they left
I made another million through white collar theft
I laughed at all the widows who appeared to be bereft
Is that what we're here for

I demanded that they re the ruth i tell
I walked on by the homeless man as he drunken fell
Is that what we're here for

Is that what we're here for
Is that why we're alive
To perpetrate and victimize
Prey on and contrive
Is that what we're here for

To satisfy our greed

Is that what we're here for

And thats all i got
