

807-1000
It can happen to you

You may not think it
You may not think it's true
But all this stuff
Can happen to you
All the shit you see
On the evening news
It can happen to you
I should know
I should know
And in this song
Im not sure how far i'll go
But trust me
When i say
That moment to moment
Day to day
And as i bid you fond adieu
Remember
It can happen to you
And you
And you
And you
Too
And maybe it already has
