It is not a lie

It is not a lie
To keep the truth hidden in ones heart
It is not a lie
To live a life always apart
It is not a lie
To think these things and never speak
It is not a lie
To in your heart all secrets keep

But
It may not be a lie
Silence reality does defy
And reticence i do decry
Though
It is not a lie

Truth and lies
So what so what
Truth and lies
All that we have got
