It's me

It's me
I'm the one who said goodbye
I'm the one who told you not to cry
It's me

it' s me
I'm the one who turned off the flame
I'm the one who couldn't play the game
It's me

If I say it's you
It's only because i need to defend
My esteem to the end
Refusing to bend
But i know it's me

It's me
It's always been
No way to win
It's me
